

Making Sense Of
SECURITY

RANSOMWARE SOS
First 15 minutes — exact steps

DO THESE IMMEDIATELY

1. Unplug network cables / disable WiFi. Do NOT shut down.
2. Photograph the ransom note with your phone.
3. Call cyber insurance carrier.
4. Do not click, reply, or pay until counsel is engaged.

PREVENT THIS — TURN ON

- ✓ MFA everywhere + EDR on endpoints
- ✓ Tested immutable backups
- ✓ Quarterly tabletop exercises
