

Making Sense Of
SECURITY

TRAINING SOS
If a real phish hits the team

DO THESE IMMEDIATELY

1. Anyone who clicked: report immediately. No blame.
2. Reset password and revoke sessions on affected account.
3. Check audit logs for downstream activity.
4. Share the anonymized phish with the team within 24h.

PREVENT THIS — TURN ON

- ✓ Quarterly 20-min training
- ✓ One-click report button
- ✓ Public thanks for every report
